

Major step in regeneration of the largest undeveloped space in Central London

Wandsworth Council Approves Battersea Power Station Planning Application. The next stage of the process will see the application go to the Mayor of London and the Secretary of State for Communities and Local Government for their consideration.

Aerial from North East

According to the developer, Wandsworth Council's approval of the planning application in Central London is a major step towards realizing the vision for Battersea Power Station, and follows a comprehensive consultation programmes for a property development in the UK, consisting of extensive dialogue in over 300 meetings with local groups and stakeholders, 3 public exhibitions and over 16,000 visitors to Battersea Power Station.
