

The project is a revolutionary new £2.5m learning and resource centre, designed by leading sustainability architects Architype for Somerset College of Arts and Technology in Tauton, UK.

The purpose of the new Genesis Centre is to showcase a variety of techniques and materials for sustainable construction, by using them to construct the Centre and exposing them to view.

Archetype Architects - The Genesis Center

The Genesis Center is a modern building with a flat roof and large glass windows. The building is surrounded by a green lawn and a concrete walkway. The building is located in the city of [redacted].

Exterior view of The Genesis Center building featuring a large tree in the foreground and a modern glass and wood facade.

Interior view of a modern hallway with a large white cylindrical structure, a green wall, and a dark floor.
